NEW Shooting Clinics for Women!!!

NEW clinics designed to meet the most common request of the women!

Introduction to Pistol Shooting Sports for Women and Introduction to Shotgun Shooting Sports for Women

These programs address the most common question from women who have participated in our other events or courses – “What can I do next to get better and more confident with a firearm?”

These are non-competitive clinics designed to introduce women who have some shooting experience (i.e. – have already attended one of our other women’s events like the NRA Women’s SportsFest or NRA Shooting Sports Camp for Women, or have already completed the NRA FIRST Steps or NRA Basic course) to different shooting sports with proper instruction and focused on learning safety, additional practical handling and shooting skills with pistols or shotguns, and having fun in a social shooting environment. Each participant will receive one on one instruction and coaching from NRA Certified Firearms Instructors.

Each event will begin at 9:00am with a required range brief / safety instructional session and overview of the rules and procedures of each of the shooting sports beginning presented. Hands-on participation in those shooting sports will follow until 12 noon.

We are running three separate sessions of each clinic - six total opportunities for women to gain additional experience! Participants can opt to register and attend one clinic or multiple clinics to gain additional experience and have fun.

Introduction to Pistol Shooting Sports for Women - May 8th / June 19th / July 10th
Introduction to Shotgun Shooting Sports for Women - May 15th / June 26th / July 17th
Find the enclosed registration forms to register or contact us if you have additional questions.
